W4 Newsletter - November 2013

Letter from the Chair

Hi Fellow Woodworkers,

This year for me has just flown and here we are again quickly approaching the Christmas Season. We continue to meet every second Saturday at the men's shed at Stirling and although we do grizzle from time to time about the state of the shed we are grateful that we have a well equipped premises where we can meet and play on a regular basis.

The wood show in August was a great success and lots of the things we made were sold and as always we had great success with the raffle tickets with Dorothy, as usual, in full flight capturing anyone who dared to walk past our stand. The prizes were again kindly donated by Carbatec. There was a lot of interest in from women about our group and as a result we have attracted a few new members which is great, so a warm welcome to all the new ladies.

In September 8 of our members attended a weekend workshop at Wandi wood turning premises which everyone enjoyed thoroughly and were pleased as punch with the two pieces that they made, a continental rolling pin and a small bowl. Graham and his helpers there were fantastic and I feel

we learnt a lot in such a short time. I would definitely recommend the workshop to everyone should the opportunity present itself again in the future, it was full on but worthwhile. Those of you that attended the workshop are now WAWA members and you can attend any WAWA club, happy turning.

A number of our members have been out selling some of their wares at different venues, which is always great to hear and Jane completed the 3 month Master Class wood course at Pam and Neil Erasmus studio in the middle of the year. Jane designed and made a small cabinet and a functional and beautiful chair, congratulations Jane.

I would like to wish everyone the best for the festive season and hope you have the opportunity to relax and enjoy time with your families and stay safe. Remember there are still a few more sessions at the men's shed before we break for Christmas, and we will resume in mid January.

Best Wishes ,Carol Burchell

Christmas breakup

For the last session of the year in the shed, 7th Dec, we thought it would be nice to make things for Christmas and have a shared lunch.

Could those who are attending please bring a plate to share, it would be great to see as many of you there as possible.

Cheese Making WA - Courses

Come and experience the art of making your own cheese in the beautiful Bickley Valley.

We have courses on Camembert, Mozzarella, Haloumi, Fetta and much more. The classes are held at Myattsfeld Winery, Carmel.

A fun packed day of making cheese and then lunching overlooking the vineyard with a beautiful cheese platter and glass of wine, all included!

A perfect day to get a group of friends together. Prices range from \$129 to \$220.

Please let me know if you are interested in doing a cheese making course and I'll try to get a group of us together and inquire about dates and prices. I know this isn't woodwork but thought that it might be a fun day.
